

Freading eBooks

- Freading is available to Crandall Public Library card holders in good standing who reside in our service area.
- Freading eBooks are in ePUB or PDF format.
- Users will need to create a free Adobe ID & authorize their device.
- The Freading app is available for iPad & iPhone. The app is also compatible with many Android tablets & phones.
- Nook users must install the free Adobe Digital Editions software to their computer and transfer eBooks via USB.
- Freading is not compatible with Kindle eReaders.
- Kindle Fire users can download eBooks via a special procedure. Directions for this can be found on the Freading website under FAQs.

HOW TO USE FREADING ON A COMPUTER & TRANSFER IT TO AN EREADER

1. Visit <http://freadinggle.sals.edu/> or go to <http://www.crandalllibrary.org> and click on the Freading logo near the bottom of the left sidebar. You will be on the Freading Authentication page. Enter your Crandall Public Library card number (no spaces).
2. You will see a general information screen about how Freading works. You can shut this feature off by clicking [Always Skip This Page](#). To download & install Adobe Digital Editions from this page, click on the Launch button. Follow the prompts on the screen to create an Adobe ID.

3. To download, first find the desired title & click on its cover image. You will be taken to the download screen. Click the Download button.
4. Click the Open button to launch Digital Editions. If you get a dialog box asking pending tasks, click OK. The title will download into Adobe Digital Editions. Your book should be ready to read once the download completes. (NOTE: If you are using Safari on a Mac, you will need to open the Downloads folder & double-click on the eBook file to open it).
5. To transfer Freading eBooks to your eReader, start by connecting your eReader to your computer.
6. Adobe Digital Editions will recognize the device the first time you plug it in. Go through the setup assistant to activate your eReader.
7. On the top left corner of the screen, click the [Library View] option. The eReader icon will appear.
8. Drag the eBook from the borrowed items list & drop it on top of the device's icon. The eBook will be transferred to your device.
9. Freading eBooks are available for a 2 week loan with a 2 week renewal, in most cases.
