We have regularly attended the Film & Video Festival screenings since 2003. They have given us much joy as well as showing us so much about the world around us. Thank you and we look forward to future screenings.”

A special thank you to the friends for their continued support of library programs and services through their book sales.

“"I've been using Crandall library since I was a young girl and I've been bringing my son since he was an infant! We have been going to the preschool reading time and he loves it!”

"This is a beautiful Library in the heart of downtown. It serves as a community meeting place and offers a wide variety of programs for all ages."
Our mission is to provide you with programs and services that support and enrich your life. Thank you for sharing your stories with us!

“As a young child in the late 2400s, I loved to go to story hour. As a high school student in the 1950s, the Library was a great resource. As an adult, the Pilkington Center has been a valuable source for genealogy research and local history, as well as the latest books and DVDs.”

2018 saw the launch of our new sign & tag line, which better defines who we are and who we are today. We are here to support your life story as it is now.

As a student and later an elementary teacher, I used numerous book resources at Crandall Library. Now, as a retiree, I finally had the opportunity to experience firsthand how I have used in my role as a teacher the World of electronic books. That new-found convenience of electronic borrowing has enlightened my understanding of technology!”
