DETAILED DESCRIPTION OF THE RECORDS

This is a grey folder entitled "Hall's Seat Plan" produced by Hall's School Photography, 255 North 18th Street, East Orange, NJ.

The inside of the folder is set up with 48 slots into which 2" x 1 3/4" photos can be inserted. Presumably they can be arranged to correspond with the students' seating assignments, but it is not clear whether that is the case with this folder. This folder contains 19 photos, of which 10 are identified in labels pasted below the picture. The person who made the labels has not been identified, but may well have been Mrs. Ethel King.

The photographs themselves are labeled: "Wilson Photo Cambridge, Mass."
